-

PROFESSIONAL EXPERIENCE

PT Bank Panin Dubai Syariah Tbk, Jakarta, Indonesia

IT Developer (April 2022 – Present)

Actively involved in developing, maintaining, and optimizing various applications that support banking operations. Have encompassed both frontend and backend development, ensuring seamless user experiences while maintaining robust system performance and security. Through my expertise in multiple programming languages and frameworks, I have contributed to the digital transformation of banking services, making them more efficient and user-friendly.

Throughout my tenure, I have successfully designed and implemented critical applications that improve internal workflows, enhance customer interactions, and automate financial processes. Have ability to troubleshoot and optimize existing systems has played a significant role in maintaining system reliability and minimizing downtime. Additionally, i have collaborated with cross-functional teams, aligning technological advancements with business objectives to ensure the bank stays ahead in the competitive financial sector.

Have experience in maintaining legacy systems while integrating modern solutions has been instrumental in improving operational efficiency. By continuously refining applications and incorporating best practices in software development, security, and compliance, i have helped the bank maintain a high standard of digital services. Have contributed not only streamlined processes but also reinforced the bank's commitment to innovation and technological excellence.

Selected Contributions:

- ◆ Made an **E-Meterai** Application in collaboration with **Peruri**
 - ◆ Maintaining various apps for supporting bank's core business systems
 - ◆ Part of a team that migrating core banking system from **Ihsan** to **Temenos**
 - ◆ Supporting in bank's *Disaster Recovery Plan*
-

EDUCATION

Universitas Indraprasta, Jakarta, Indonesia
Bachelor of Informatics Engineering, 2021
GPA : 3.62 in 4.00 scale

COURSEWORK

Lembaga Sertifikasi Profesi Keuangan Syariah, Jakarta, Indonesia
Banking Risk Management Level 1

IBM, USA
Web Developments Fundamental

Dicoding Indonesia (in colaboration with **Indosat Ooredoo Hutchison**, **AWS**) Bandung, Indonesia

- Belajar Fundamental Front-End Web Development
- Belajar Fundamental Aplikasi Back-End
- Belajar Dasar-Dasar DevOps
- Membangun Progressive Web Apps
- Belajar Membuat Aplikasi Android untuk Pemula
- Belajar Membuat Aplikasi Kognitif
- Belajar Dasar Pemrograman Web
- Belajar Pengembangan Machine Learning
- Belajar Dasar Visualisasi Data
- Belajar Machine Learning untuk Pemula
- Memulai Pemrograman Dengan Python
- Belajar Prinsip Pemrograman SOLID
- Architecting on AWS (Membangun Arsitektur Cloud di AWS)
- Belajar Dasar Pemrograman JavaScript
- Belajar Membuat Aplikasi Back-End untuk Pemula
- Cloud Practitioner Essentials (Belajar Dasar AWS Cloud)
- Menjadi Front-End Web Developer Expert
- Memulai Dasar Pemrograman untuk Menjadi Pengembang Software
- Belajar Membuat Aplikasi Web dengan React

- Belajar Fundamental Aplikasi Web dengan React
- Menjadi Linux System Administrator
- Belajar Implementasi CI/CD
- Belajar Jaringan Komputer untuk Pemula
- Belajar Fundamental Aplikasi Android

Cisco, USA

Python Essentials 1

Multimatics, Jakarta, Indonesia

Golang Training

VOLUNTEER & ORGANIZATIONAL EXPERIENCE

Indosat Ooredoo Hutchison Digital Camp, Jakarta, Indonesia

Fasilitator

SMK Muhammadiyah 7 Tebet, Jakarta, Indonesia

IT Developer Volunteer
